WELCOME TO WNU 2026

SUPPORT KNOWLEDGE WITHOUT BORDERS

WNU 2026 continues the World Federation of Neurology's mission to make high-quality neurological education accessible to professionals everywhere – regardless of borders, resources, or time zones. Taking place **online on 8–9 October 2026**, this fully digital meeting removes geographical and logistical limitations, allowing neurologists, researchers, and other clinicians worldwide to join a shared space of learning and discovery.

The scientific programme spans the full landscape of neurology, from the latest breakthroughs in neurodegenerative disorders, stroke, epilepsy, movement disorders, and neuroimmunology to practical updates in diagnostics and patient management. Through focused expert updates and on-demand access, WNU 2026 offers a concise yet comprehensive learning journey designed for today's fast-moving field.

For sponsors, WNU 2026 provides a streamlined, cost-effective way to strengthen brand visibility and connect with an engaged digital audience. Your message appears directly within the educational environment, ensuring continuous exposure and higher recall. With no exhibition and limited booth space, every sponsorship opportunity offers focused attention and meaningful visibility.

Join us as we bring the latest knowledge to the forefront, broaden access to education, and support the global neurology community – all in one accessible, inclusive, and impact-driven digital event.

FOCUS AREAS

Advancing Neurology Through Science and Innovation

PROGRAMME

LEAD THE CONVERSATION

WNU 2026 will showcase the latest advances in neurology, bringing together the global scientific and clinical community to explore breakthroughs in stroke, movement disorders, epilepsy, multiple sclerosis, headache, dementia, and other key neurological conditions. Through in-depth sessions and symposia, the digital meet-up provides a comprehensive platform for sharing knowledge, discussing emerging trends, and translating research into real-world impact.

It emphasizes evidence-based care, prevention, and holistic approaches to neurological health, highlighting innovations that improve patient outcomes and enhance clinical practice. Collaboration and knowledge exchange are at the heart of WNU 2026, connecting neurologists, researchers, and educators worldwide to foster partnerships that drive progress and advance the field.

For companies in **healthcare, digital health, pharmaceuticals, diagnostics, and wellness**, WNU 2026 offers an exceptional opportunity to engage with leading experts, gain insights into the latest research, and participate in the scientific programme through abstract submissions and industry sessions. By aligning with WNU 2026, your organization can position itself at the forefront of neurological innovation and connect with the global audience shaping the future.
